

Maths - Monday 1st March

Thursday, February 25, 2021 12:27 PM

Starter - Can you count backwards from 50 in 2s?

1.3.2021

TBQ: Can I explore quarters?

Watch this video and discuss with your grown-up what quarters are.

<https://www.bbc.co.uk/bitesize/topics/z3rbg82/articles/zq2yfrd>

When we find quarters,
we split something into
4 equal parts!

Model

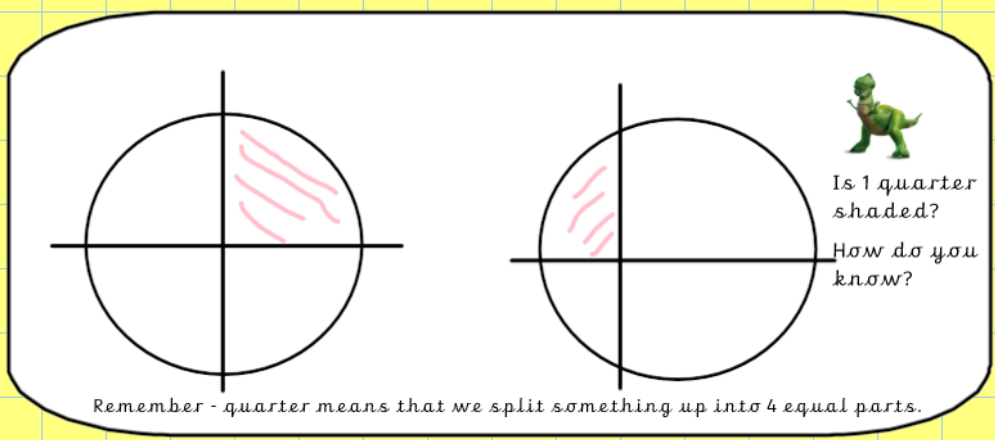

Key Vocabulary

- whole
- half
- quarters

We represent a quarter like this:

Model

$$\frac{1}{4}$$

Is 1 quarter shaded?
How do you know?

Remember - quarter means that we split something up into 4 equal parts.

Mild - Explore quarters practically. Fold pieces of paper into quarters and explain how you know they are quarters.

Hot - Fold pieces of paper into quarters. Shade 1 quarter and label it. How do you know you have shaded 1 quarter?

Scorching - Shade 3 quarters in and label it. What do you notice?
